

Presents a Seminar on **Viscosity and Colour Measurement**

Lethbridge: October 18th, 2018

Fairfield Inn & Suites – 4081 2nd Ave South, Lethbridge T1J 1Z2

Who Should Attend:

- Q.C Managers / Supervisors
- R&D Managers / Supervisors
- Operators / Technicians
- Engineers / Scientists
- Product Managers
- Process / Plant Operators

Schedule: 8:15AM - 4:30PM

8:15 - 9:00 Arrival and continental breakfast

9:00 Seminar begins

12:00 -1:00 Lunch (included)

4:30 Seminar ends

Cost: \$315.00

Plus CA\$15.75 GST

Topics for Rheology/Viscosity:

- Definition of viscosity terms
- Why fluids change their flow behavior
- Flow and viscosity curves
- Brookfield viscometers - selection considerations
- How to perform a calibration check
- Sample Preparation, Data Interpretation
- Viscometer care and maintenance

Topics for Introduction to Colour:

- The basics of colour
- Colour measurement: perception, scales
- Surface characteristics and geometry
- Sample preparation and presentation
- Instrument types and models; standardization
- Software available
